

SUPPORT FOR ALTERNATIVE COMMUTING

MSD

Bike Lockers

Bike lockers protect employee bicycles from theft, vandalism and weather. Indoor showers and lockers allow cycling employees to leave their cars at home year-round. Incentives for commuting by bicycle are part of MSD's Employee Commute Options (ECO) program. Other incentives include free passes for TARC riders and free parking for employees who carpool together.

Anticipated Savings

If all the MSD Main Office employees now using alternative transportation (bus, carpool and bicycle) began driving individual cars to work, MSD would have to spend an extra \$18,000 per year to provide them with spillover garage parking!
